

WELCOME

LIFE BEGINS AT BRIDGE HOUSE

Our residents can relax in the music room which is dedicated to the Brighthouse and Rastrick Band. The band has a history of success and great importance to the people of Brighthouse. The Ground Floor at Bridge House has a Café that will be open for all in the community, a house kitchen for residents to bake and cook as they please, a hair and nail studio, function

room, games room, cinema/TV room that has a state of the art projector system, where classic films, sports and events can be enjoyed by all. There is also a garden room for our 'Gardener's Club'.

Bridge House has been designed for the community that is focused on the health and wellbeing of everyone who stays with us. Embracing families, friends and professionals, all working alongside us to deliver excellence in care.

FOR MORE DETAILS VISIT: [FISHERCARE.COM](https://www.fishercare.com)

Set in a 200-year-old protected wood known as Elmwood, we have brought the outside-inside. Built on four levels, the ground floor is large, light and brightly decorated. There are balconies to the ground floor day rooms and a café surrounded by glass which opens the woodland views. Bridge House is representative of former mills in the area, with a twist, having a roof top garden and a glass frontage.

PHILOSOPHY OF CARE

COMMITTED TO CARE

We aim to provide a tranquil, caring environment in which our focused and professionally-trained staff care for the requirements of our residents and their families. We see our residents as individuals and look after their needs with a happy and cheerful disposition.

Our employees are the key to our success and they are encouraged to fulfil their potential in every way.

Using specialist facilities, we promote independence, ensure comfort and mobility within our home and create a resident focused environment.

Included in Bridge House is a Day Care Centre fitted out to a high specification and will be delivering an extensive schedule of activities.

The further three floors accommodate 66 bedrooms with en-suite wet rooms, the second floor is solely designated to Nursing residents.

Bridge House has been designed for the community that is focused on the health and wellbeing of everyone who stays with us. Embracing families, friends and professionals, all working alongside us to deliver excellence in care.
