 Day services can help you keep active, meet with other people and give your carer some respite with the peace of mind that you're in safe hands. You may only need these services for a short while, for example to regain confidence after a fall or spell in hospital.

At Bridge House our residents and day guests are at the heart of everything we do. We make it our mission ~~to~~ to provide the highest level of care in a comfortable, stimulating and safe environment that truly is a home-from-home.

“Comfortable, safe and an ideal place to enjoy a little extra company.”
