

Bridge House
RESIDENTIAL, DAY & NURSING CARE

Day Centre

Welcome to Bridge House

Day services can help keep you active, meet new people and remain independent, whilst also giving your carer some respite with the peace of mind that you're in safe hands. You may only need these services for a short while, for example to regain confidence after a fall or spell in hospital, or you may become a regular.

At Bridge House our residents and day guests are at the heart of everything we do. We make it our mission to provide the highest level of care in a comfortable, stimulating and safe environment that truly is a home-from-home.

We care about your day

Our state of the art day centre, part of Bridge House, is set in a 200 year old protected wood overlooking the village of Brighthouse and the surrounding area.

You don't need to be a resident to benefit from the dedicated daily living support on offer at our friendly and welcoming day centre.

Comfortable, safe and an ideal place to enjoy a little extra company and some age-appropriate activities, our day centre visitors come to see our facilities as a real 'home from home', a place where you can socialise with others while still receiving the care and support that you need throughout the day.

Residents and day visitors are treated in the same caring and supportive manner with many enjoying the opportunity to make new friends and join in with larger groups.

All of our Care Team are professionally qualified and trained to the highest standards. They are the greatest asset we have, and we are very proud of the consistently high levels of care and commitment they provide.

Activities are varied and include:

Arts and Crafts

Celebrations of special days and events

Gentle exercise

Therapeutic activities such as hand massage

Baking, flower arranging & gardening

Singing & discussion groups
