

WELCOME

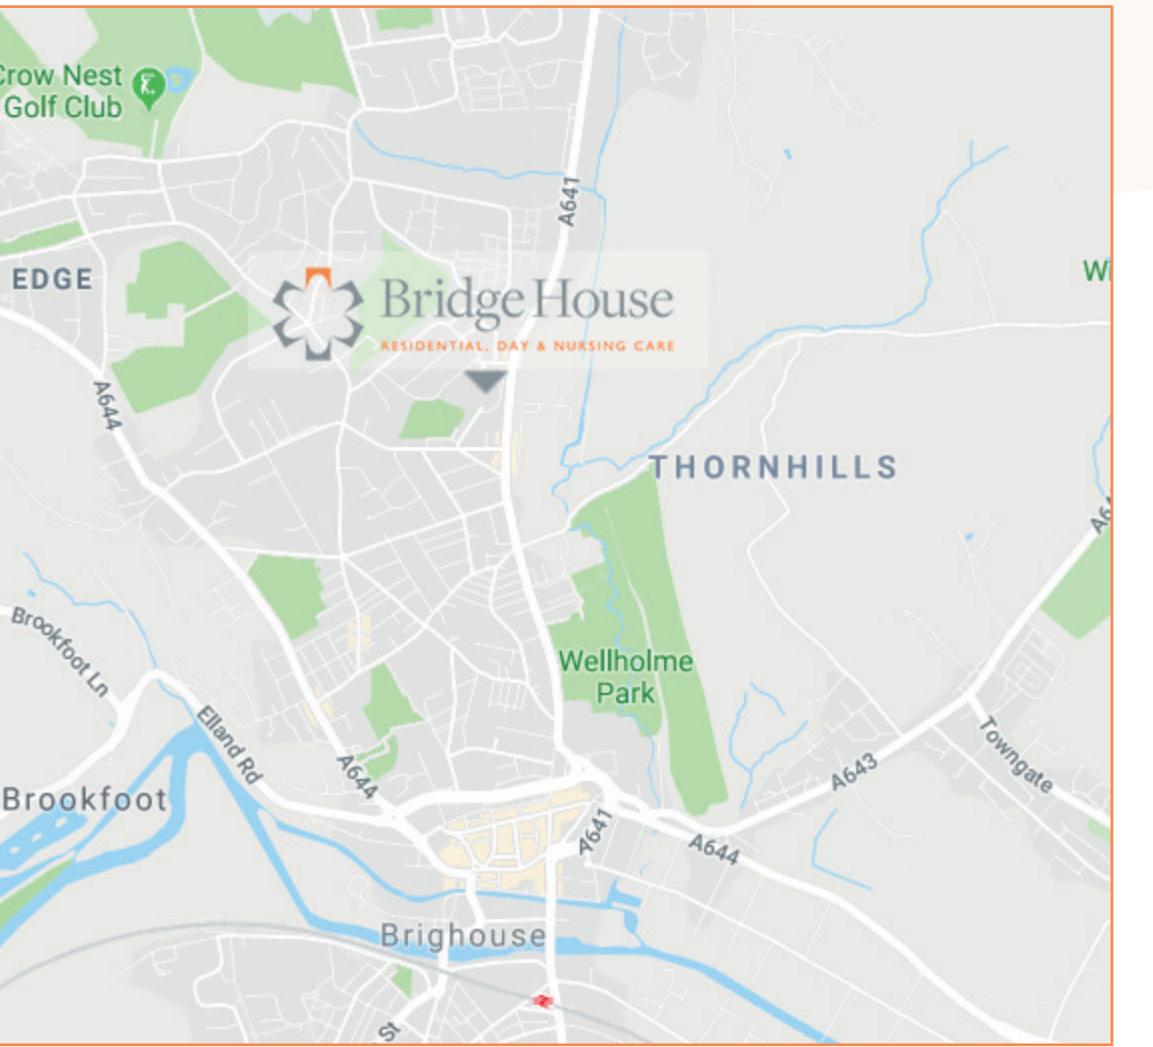

LIFE BEGINS AT BRIDGE HOUSE

We truly believe in the importance of creating an environment in which our residents can thrive, which is why we are so proud of Bridge House. Artfully designed to combine a contemporary yet homely feel with a strong connection to the surrounding area, it's the result of the deep understanding of residents' needs we have gained over thirty years providing expert care.

Nestled among the trees of the tranquil Elmwood forest, our home draws the outside in; the glass frontage offers restful views of nearby woodland while

THE FISHER CARE GROUP

There's also plenty of entertainment available at Bridge House. Our Music Room is dedicated to the legendary Brighouse and Rastrick brass band and the Cinema Room, complete with state-of-the-art projector, screens classic films and sports events. For the green-fingered we have a dedicated Garden Room while lovers of cooking and baking can make use of the House Kitchen. We've taken great care to ensure that the opportunities for residents to explore their interests are varied and accessible.

When not socialising or pursuing their passions, residents can enjoy the comfort and relaxing atmosphere of one of our 66 bedrooms, all with en suite wet rooms as standard.

PHILOSOPHY OF CARE

COMMITTED TO CARE

At Bridge House, we value our residents as individuals, and this underpins everything we do. That's why we're committed to taking a holistic, person-centred approach to the care we provide, fully recognising the importance of enabling residents to continue living as independently as possible. Ensuring that the right levels of personalised support are in place helps us achieve this.

That's where our focused, professional team really demonstrates its value. We invest in our staff, recruiting and retaining those with the ability to provide needs-driven care while developing a close rapport with residents. Our team treats all at Bridge House with respect and dignity and makes every effort to facilitate their participation in our community's active social life.

Whether providing Nursing, Residential or Respite Care, we always maintain the same standard of excellence. A specialist Day Care Centre is also housed at Bridge House, delivering an extensive schedule of engaging activities for non-residents. Family and friends can rest assured that underpinning each kind of care we offer is the same commitment to promoting independence and ensuring comfort and support.
